Greece does not participate in the ECLI system.

Nevertheless, we are currently at the preparatory stage in the creation of a unified database to include all domestic court rulings. There are already several electronic databases of case law on the web, relating to:

1) the Hellenic Supreme Court, containing only its own case law:

<http://www.areiospagos.gr/>

2) the Council of State, containing only its own case law:

<https://www.ste.gr/ste/faces/index.jsp>

3) Athens Administrative Court of First Instance, containing only its own case law:

(this service is only available for certified users)

http://www.protodikeio-ath.gr/opencms_prot/opencms/ProtSite/

There are also private subscription databases, access to which must be paid for. For example:

1) that of the Athens Bar Association

<http://www.dsanet.gr/>

2) that of the company Intracom Services (private)
