Judicial ATLAS in criminal matters

The Judicial Atlas of the European Judicial Network helps you find the competent authority you need to contact to request judicial cooperation in criminal matters, depending on the type of cooperation ('measure') required.

The relevant authority differs between EU countries and depends on aspects, such as:

the crime involved

the legal instrument used as legal basis.

Where applicable, the Atlas also lists regional competent authorities within a country.

You can search by the following measures:

Agents and informers – infiltration

Examination, body search and expert evaluation

Documents – obtaining

Assets – sequestration, confiscation and restitution

Places – visit and search

Witnesses, victims, suspects – summoning and hearing
